SPECIAL RETURN TICKETS

Passengers travelling from London, Doncaster or Liverpool to Amsterdam or Rotterdam and v.v. can obtain special combined return tickets; that is to say, that a reduction of 10 % is granted on the official, published, single fares for both journeys in question, in the currency of the country from where the outward journey takes place. The route nevertheless must be determined when booking.

ALTERATIONS. This time table, which gives an indication of average times of the journeys, cancels all previous issues and is subject to alteration without notice.

TRANSPORT BETWEEN CITIES AND AIR PORTS. Transport from the station of departure to the Air Port and vice versa, where provided, is included in the fare. Passengers are requested to be at the departure station or Air Port at least 10 minutes before departure. The passenger car or air liner cannot be delayed for late arrivals.

RESERVATIONS. Seats should be booked in advance. Any Agent or Tourist Office will reserve a seat on request.

RETURN TICKETS. 20 % Reduction is allowed on the homeward portion of return tickets. Return tickets are valid for a period of 60 days from the date of departure.

BREAKING THE JOURNEY. Provided the Company is informed at the time of booking, through passengers may break their journey at intermediate places. 7 days only is allowed for a stop-over, and a charge of 7/6 is made for every break, this to be paid in advance. The passenger is responsible for the booking of his seat on resumption of his flight.

CHILDREN. Children up to 3 years of age, accompanied by an adult, will be charged 10 % of the fare. Those between 3 and 7 years of age and those under 3 years for whom a separate seat is required are carried at half the standard fare.

LUGGAGE. 15 kilogrammes (33 lbs.) of baggage are carried free of charge for each Passenger; excess baggage is charged at the rates shown. The free allowance of 15 kgs. is available for children over three years and for those under that age for whom a separate seat is required.

The following articles will be carried free of charge in addition to the free allowance of 15 kgs.:

Ladies hand bags, coats, rugs or wraps, umbrellas and walking sticks, photographic and cinema cameras for small films, portfolios not exceeding 5 kg.

PHOTOGRAPHIC APPARATUS. Travellers proceeding to or via Germany and other states are warned that they must not be in personal possession of cameras or photographic apparatus. These may be handed to the Air Traffic Company before departure or alternatively, they may be locked with registered luggage.

MEALS. Most air-liners are provided with restaurant-service. Breakfast is served on board the first outward service between London and Amsterdam.

LUNCHEON BASKETS. Luncheon baskets may be obtained at all Air-ports and Passengers are advised to order these at the time of booking their tickets.

MAPS OF THE ROUTE. Maps of all K.L.M. routes can be obtained at the K.L.M. Offices and Airports.

VOUCHER BOOKS AT REDUCED RATES. All the air companies affiliated to the International Air Traffic Association adopt on their lines Season Travel Voucher books, with a reduction of 15 % on the official published fares. The minimum value of a Season Travel Voucher book — valid for four months — is £ 75.—. These voucher books are valid only for the holder and three members of his family.

In order to enable firms and other corporations to obtain reduced rates for the air journeys of their bona fide employees travelling upon the firm's business the Air Traffic Companies have introduced Bulk Travel Vouchers, with a reduction of 15 % on the official, published fares.

AEROPLANES. The world famous twin-, three- and four-engined Fokker and Fokker Douglas monoplanes are used on all K.L.M.-routes. All planes can be heated, so that a journey on the coldest day will offer the same comfort and pleasure as during the summer months.

WIRELESS. Constant touch is maintained with ground stations and other aircraft by wireless, by all K.L.M. aeroplanes whilst in flight.

RADIO TELEGRAMS. The facility of sending and receiving radio telegrams is offered to passengers during the flight.
